“ I will forever remember my grandfather for his sweet smile tough truth, generosity and unwavering love.

I was so blessed to spend my childhood summers at their Florida home swimming in his impeccably clean pool, picking lemons and limes, visiting Disneyland and Universal Studios, visiting family, and hanging out in my own big girl room.

I would spend weeks with him and Grandma and it would go by so quickly because it was so much fun and filled with so much love!

As a grew up, in my early 20s I definitely struggled and there was a point when my parents were fed up with me and I needed help. I was able to go to my grandparents. I needed money for a summer school program and my grandfather gave it to me. Wow, it was so humbling. It was at that time that I realized how important it was that I get my life back on track.

His love and generosity helped me and reminded me of who I was and the importance of making him, my parents and myself proud . As I've grown into a woman, wife, and mother his legacy is forever integrated into how I raise my children. The importance of loving your family, being ethical, being honest and hard-working and to share your blessings.

My children are blessed to have met their Abuelo, as he made them laugh and smile and vice versa.

Grandpa you are the amazing leader of our family. You taught me what it means to be the head of the family, to love your family, to always work hard and give purpose to your life, and to take care of those around you.

You are already greatly missed but your legacy will never be forgotten. Love you!
