“ Our most sincere condolences to Lynette her children and family of Yamir. We met yamir many years ago when our little boys back then played T-Mobile and little league together under coach Jose in BVL. We established a friendship and after every game on Saturday's we would go to someone home and hang out as friends and family they were great times that we still treasure to this day. I especially will forever be grateful to Yamir for trying to get me a job with Continental Airlines he explained to me how hard it was and will be and he without hesitation told me what to do and I did and I was called for an interview in Houston , I didn't get the job but for his efforts I will be eternally grateful which proves the type of person he was . My husband always remember his sense of humor they were both from Puerto Rico born and raised and so they shared a lot of similar things . May you forever RIP and again our heartfelt condolences to your family Melvin and Ada Colon
